D-STAR Gateway System (KR4AIK)

Already registered?

Login with Callsign and Password.
Please note that Callsign and Password are case sensitive!
Callsign must be in Upper Case!

CallSign :

Password :

Login

New user?

Register here for D-STAR access.
Registering takes just a few seconds, and
you won't have to enter your personal information
again the next time you visit here.

Register

2. If you're new to DSTAR, click here to register. If you're already registered, click above to login!

Step 2.
Expect this error page . . .

Your connection is not private

Attackers might be trying to steal your information from kr4aik.dstargateway.org (for example, passwords, messages, or credit cards). [Learn more](#)

NET::ERR_CERT_AUTHORITY_INVALID

Help improve Safe Browsing by sending some [system information and page content](#) to Google.
[Privacy policy](#)

Left click "Advanced" with you mouse, then . . .

Advanced

Back to safety

Step 3. Do this next . . .

Your connection is not private

Attackers might be trying to steal your information from kr4aik.dstargateway.org (for example, passwords, messages, or credit cards). [Learn more](#)

NET:ERR_CERT_AUTHORITY_INVALID

Help improve Safe Browsing by sending some [system information and page content](#) to Google. [Privacy policy](#)

. . . then, left click "Proceed to kr4aik.dstargateway.org (unsafe)" **here**

Hide advanced

Back to safety

This server could not prove that it is kr4aik.dstargateway.org; its security certificate is not trusted by your computer's operating system. This may be caused by a misconfiguration or an attacker intercepting your connection.

[Proceed to kr4aik.dstargateway.org \(unsafe\)](https://kr4aik.dstargateway.org) (It really is safe to click this link)

Step 4. Follow the directions on this page . . .

D-STAR Gateway System (KR4AIK)

Remember your
password - you gave
it, so you remember
it!!

Registration is a multi-
step process.

1. You register on the gateway web site above with your call sign and a password that you need to remember.
2. Email the Repeater Admin at khufford@atlanticbb.net to let him know that you just registered on the DSTAR system and are awaiting his approval. The repeater admin will approve you and then let you know by email that you are approved.
3. **When you find out that you are approved, read on below . . .**

The agreement document

If you want to change agreement document, please change following file.
/opt/products/dstar/tomcat/webapps/D-STAR/WEB-INF/messages/agreement.txt

Recommended: Don't change the agreement.

Do you agree?

YES: NO: **Click on yes.**

Enter your personal information!

CallSign : Equal to or less than 7 characters.

Name :

E-mail : Make sure you use a valid e-mail address.

Password : 8 to 16 characters.

Password confirm :

**Fill this
out and
click OK**

OK

Cancel

lower case, a number(s), a dash or an underline. Don't forget - no spaces. Your web page should look similar to the page pictured above except with your personal information show of course).

9. For your second piece of DSTAR equipment, repeat lines 5-7 above except put just a C in the "initial" column.
10. For your third piece of DSTAR equipment, repeat lines 5-7 above except put just a P in the "initial" column.
11. For a fourth piece of DSTAR equipment, repeat lines 5-7 again, but put a different letter in the "initial" column.
12. When complete, click on "Update".
13. Log out, then wait about 24 hours and your DSTAR registration should propagate the world and you will be allowed to use reflectors with the equipment that you just registered!

Problems? Email the Repeater Admin at khufford@atlanticbb.net

KENT HUFFORD, KQ4KK and John MacDonald, K4BR

<https://kr4aik.dstargateway.org/Dstar.do>

Remember your password - you gave it!!

Registration is a multi-step process.

1. You register on the repeater web site above with your call sign and a password that you **need to remember**.
2. Email the Repeater Admin at khufford@atlanticbb.net to let him know that you just registered on the DSTAR system and are awaiting his approval. The repeater admin will approve you and reply to you by email that you are approved.
3. When you find out that you are approved, read on below . . .

When the Repeater Administrator emails you to let you know that your registration is approved to continue, log back in on to <https://kr4aik.dstargateway.org/Dstar.do> using your callsign (caps) and password and follow the “D-Star Self Registration Instructions below.”

D-Star Self Registration Instructions

14. Log in and you'll see what we'll call “the grid area.”
15. Click on the checkbox next to the number “1”.
16. Then click inside the “Initial” box to the right of your callsign on the same line as the number “1”. Type in a single “space bar” character. This will not show up but is very important.
17. Do not click on the “RPT” check box.
18. In the “pcname” box, enter just your callsign in lower case letters – nothing else including a space(s).

That completes the first line of the “the grid area.”

19. For the second line in the grid area, which will be used to register your first piece of DSTAR equipment, click on the checkbox to the left of the #2.

20. Click the box immediately to the right of the #2 and type just a D in that box – no space or anything else before or after the D.
21. In the box under “pcname” on that second line, enter your callsign in lower case letters (plus a number of course) followed by a dash “-” (no space) followed by your type of radio in lower case letters and/or numbers with no spaces e.g. 2820, dvdongle, id-5100a, OpenSpot, etc. A dash or underline is also acceptable. Again, all characters in the “pcname” box should be lower case, a number(s), a dash or an underline. Don’t forget - no spaces. Your web page should look similar to the page pictured above except with your personal information show of course).
22. For your second piece of DSTAR equipment, repeat lines 5-7 above except put just a C in the “initial” column.
23. For your third piece of DSTAR equipment, repeat lines 5-7 above except put just a P in the “initial” column.
24. For a fourth piece of DSTAR equipment, repeat lines 5-7 again, but put a different letter in the “initial” column.
25. When complete, click on “Update”.
26. Log out, then wait about 24 hours and your DSTAR registration should propagate the world and you will be allowed to use reflectors with the equipment that you just registered!
